Starting January 19th , along with all Suburban Conference schools located in St. Louis County, PSH will be instituting the following spectator guidelines for all home events

- *Two spectators for each participant will be allowed for HOME events.
- NO visiting team spectators will be allowed into the event.
- Face masks must be worn at all times by everyone including participants.
- Social distancing must be followed when at all events.
- *Swim event spectators - of swimmers **actively** competing in the meet - will be allowed in the pool bleachers. *(Based on the PSH facility, we are able to make this accommodation. Other schools may have different restrictions. Contact those schools for their allowances.)*
- For AWAY contests outside of the Suburban Conference, we will follow the **host school** guidelines. The coaches of each program will share these with their players and families.
- For regular season tournament games where multiple teams are playing at the same site, the **host school** will be the only one allowed to have spectators for the game they are participating in.
- MSHSAA guidelines for postseason play will vary based on location of events and those guidelines will also be shared prior to the event.
