

The Claymont Elementary Parent Teacher Organization is a group of parents and teachers who work together in support of the education and enrichment of Claymont students. The PTO works to bring enhancements that encourage students to share their talents, learn tolerance and acceptance of difference, treat their bodies with respect, explore their curiosity and show their school pride.

**Mission Statement:**

The Claymont Elementary Parent Teacher Organization is committed to working with Claymont parents and teachers to fulfill the Parkway School District mission for Claymont students. The mission of the Parkway School District is to ensure all students are capable, curious, caring, and confident learners who understand and respond to the challenges of an ever-changing world.
