

## KINDERGARTEN SPRING PARTY AGENDA 2019

### 1 - CRAFT PROJECT handprint - how do our friendships bloom poster

#### SUPPLIES

- poster board
- construction paper

#### DIRECTIONS

- parents help kids trace their hands on construction paper and then cut them out. Students will be instructed to think about how they can be a good friend, and parents will help the kids write their word of phrase on their handprint cutout. When they are all done, the kids will bring their handprint to the front and glue it to a poster board that will be pre-made

### 2 - CRAFT PROJECT Photo magnet frame

#### SUPPLIES

- wood frames
- instax cameras
- instax film (at least 110 exposures)
- hot glue and glue gun
- magnets
- foam hearts (also to be used for the next game)
- thin sharpies or markers

#### DIRECTIONS

During the craft project, one parent will start photographing the kids for the magnet frame project. Kids will write a word on the foam hearts from the musical chairs game to describe something they love, and they'll take that heart with them to be photographed. Then they can decorate their frame (or maybe we just have them write their name and year on the frame?), and then a designated parent will hot glue the frame, magnet, and photo together while the kiddos are playing the following games.

### 3. Musical chairs game - exercises

#### SUPPLIES - foam hearts

#### DIRECTIONS

All the kids will get up and and march around the room to music a la musical chairs, but instead of chairs, they will have their foam hearts positioned around the room in a circle (or whatever works for the room's layout).

4. Bingo game

SUPPLIES

- bingo boards
- markers

5. cupid's arrows with straws and q-tips

SUPPLIES

- q-tips in two colors (box of at least 100 per class, or more depending on how many come in a big box)
- wide smoothie straws

6. Book - if there's time

- ask each class to bring a book about friendship to read if there is time
